

Nifty&50s&Activity Trend & Designs

- There are several options for this activity
- No matter which options you chose, you must create a poster (8.5x11 minimum) explaining the reason/purpose of shelters in the 1950

OPTION ONE

- You must work alone on option one of this activity
- Complete a series of *scale* drawings showing a family fallout shelter of the 1950s
- Your drawings must include
- What it would look like from the outside
- A floor plan (looking down on the room)
- At least one interior elevation (one of the walls as viewed from inside the room)

OPTION TWO

- You must work alone on option one of this activity
- Create scale model of a fall out shelter of the 1950s to be displayed in the museum
- Detail counts

OPTION THREE

- Create a full size shelter to be on display in the museum
- This may be done by a group. See Mr. Fortier about your group. There can be only one full size shelter
- You must convince me that you have a plan and are capable of getting this done accurately and on time.
- Do you have a plan and a history of task completion.
